

MOCA is an Israeli competitive-intelligence and price-comparison platform tracking the local mobile market and **30+ global travel eSIM brands**, refreshed twice a day. We turn that live data into purchases through **two high-intent channels**.

TWO CHANNELS THAT CONVERT

Public comparison

At **mocaintel.com** and our consumer page **esim.mocaintel.com**, travelers compare eSIM plans by destination and buy straight from the provider. Research-then-buy traffic with clear intent.

MOCA Guest Connect

White-label **hotel guest portals** in Israel. Guests scan a QR at check-in, see a live neutral comparison matched to their trip, and buy directly - perfect for outbound and inbound travelers.

BY THE NUMBERS

2× daily

Live pricing across **10 Israeli carriers** and 30+ global eSIM brands

220+ destinations

Thousands of **live plans** compared across our global eSIM feed

Why partner with MOCA

Your plans surface in our best-value slots for the destinations our audience searches - Israeli outbound travelers and inbound international visitors. We present every provider neutrally with transparent pricing and a direct path to purchase, so the traffic arrives ready to buy. We project **500-700 monthly eSIM purchases** chain-wide at full hotel deployment, and value volume commission tiers as we scale.

WHAT WE'D LIKE TO SET UP

1

Approve our **affiliate partnership** - via Impact or a direct relationship

2

Enable a **MOCA coupon code** and confirm the customer discount %

3

Confirm **Sub-ID support** for per-hotel conversion attribution

4

Share **deep links** and brand assets for the listings
